

Peter

Hume Whittlesea LLEN TAC L2P

Peter has been an integral part of the TAC L2P Program since November 2021, where he has dedicated himself to supporting young learner drivers in honing their skills and becoming safer drivers on the road. Over the course of his involvement, Peter has provided guidance to over six learners, assisting them in their journey towards obtaining their driver's licenses.

Peter says that the training of young drivers is an issue close to his heart. As a long-distance truck driver for most of his working career, Peter saw too many times the devastation that occurred with young or inexperienced drivers making fundamental mistakes that all too often lead to serious injury or death.

Peter is known for his warm and friendly demeanour, is always engaged in our social events and enjoys catching up with other mentors for a good chat over coffee. Peter's continued dedication serves as an inspiration, driving the program forward and making a meaningful impact on the lives of the young learners he mentors.
