Hume Whittlesea Local Learning & Employment Network

The HWLLEN is supported by the Victorian Government

HISTORY OF THE ORGANISATION

The development of the Hume Whittlesea LLEN

The Hume Whittlesea Local Learning and Employment Network (HWLLEN) was incorporated on 16 May 2001 and the election of the first Committee of Management took place on 28 June at a meeting attended by 17 members. Many meetings had been held prior to that date in response to the Bracks Government's call for expressions of interest in forming a LLEN. Initially the cities of Hume and Whittlesea explored individual options but eventually they formed a successful

Whilst it is always dangerous to single out individuals because of the risk of overlooking others, it partnership bid which was approved in Phase 1. would be remiss not to acknowledge the contribution of the Interim Chairperson, Mark Woodland, the then Manager, Economic Development, City of Hume, and the Committee of Management and the men manager, Economic Development, ony or nume, and the committee or management and the project workers of Whittlesea Youth Commitment for their vision and dedication in developing

Mr Steve Woodland, Manager, Community Services, City of Whittlesea, was the inaugural Public the early concepts for this LLEN.

Officer. Several representatives attended a conference in February 2001 held to launch the Phase 1 LLENs. In the following months, planning meetings were arranged to expand the membership in the lead-up to the first General Meeting for Members and election of the Committee of Management. The inaugural executive office bearers included Chairperson, John Bennett, of Strategic Training and Employment Placement Services Pty Ltd (STEPS); Deputy Chair, Cr John Suaregie training and Employment Flacement Services Fig Liu (STEFS), Deputy Gran, or John Fry, City of Whittlesea; Secretary, Jane Edwards, Northern Area Consultative Committee (NACC);

Project Officers were appointed to begin establishing the LLEN. Initially, workers from Whittlesea Youth Commitment were seconded to this task in the Whittlesea area, based at RMIT, Bundoora,

and two additional workers were appointed in Hume. An office was established at WorkforcePlus Following several public consultations the Strategic Plan 2001-03 was formulated and launched

in early December. This special members' meeting was held at the Hume City Council and was attended by more than 80 people, who were presented with membership certificates. The Strategic Plan was developed in concert with an Environmental Scan which provided information on key stakeholders and demographic and economic trends. Engagement in post-

compulsory education in the region was also a focus of the study. The collection of this data has provided a commencement for our work, and collection and analysis will continue as a core

Several working groups were formed to focus on various activities, including Marketing and Membership, Employment, Finance, and Development of the Website. The working groups are convened by Members of the Committee of Management and report regularly to the full Committee. Membership onto these working groups is also open to general members. This approach builds successfully on the expertise brought by individual members to each of the areas

The Project Team continued to oversee the operational tasks until the appointment of the ongoing staff in April 2002. The appointment of ongoing staff brought to a close the establishment phase of HWLLEN. This phase was characterised by enormous energy and dedication from the or newsless, this phase was characterised by enomious energy and declaration non the members of the inaugural Committee of Management who in turn were supported by their members or the maugurar committee or management who in turn were supported by mem member organisations. This context of collaboration has provided a strong foundation for the

future development of the Hume Whittlesea LLEN.

Our Vision:

Young people are inspired to be engaged in education and employment, and to actively participate in the community.

Our Values:

- Advocacy advocating to stakeholders to optimise opportunities
- Innovation exploring new opportunities and acting on better ways of working together
- People-centred everything we do is based on listening to individuals' needs
- Respect treating all people with fairness, empathy and equity
- Integrity acting with honesty, independence, accountability and trust
- Engagement encouraging and supporting participation of all stakeholders
- Collaboration working together for common goals.

Our Mission:

- Supporting young people in their career & pathway development
- Creating and strengthening connections between young people, education and service providers, industry partners, community agencies and all levels of Government
- Raising young people's aspirations and broadening their scope of opportunities and choices
- Prioritising our focus on young people who are experiencing vulnerability and disadvantage.

Hume Whittlesea LLEN Board

(previously HWLLEN Committee of Management)

HWLLEN is an incorporated Association, incorporated under the *Victorian Associations Incorporation Reform Act 2012.*

HWLLEN is governed by a nine-member, skills-based representative Board, on behalf of the members of the Association.

The HWLLEN Board is made up of the following roles: Chair, Deputy Chair, Secretary and Treasurer, and five ordinary Board positions. HWLLEN Board members work in a voluntary capacity, and we acknowledge and thank the nine members who willingly give their time, energy and expertise.

HWLLEN YOUTH COMMITMENTS

Hume Youth Commitment (HYC)

Hume & Whittlesea YOUTH COMMITMENTS

The Youth Commitments in both Hume and Whittlesea engage with key stakeholders in partnerships that harness resources and build social capital to support young people to identify and achieve their goals and improve their education and transition outcomes.

Whittlesea Youth Commitment

The WYC is a long-term community-based initiative that is committed to ensuring that every young person in the City of Whittlesea has access and support to complete either year 12 or its equivalent in accredited training, and is linked in to employment.

WYC is facilitated by a long-standing partnership between the City of Whittlesea and the HWLLEN and is the major Youth Network for the City of Whittlesea.

Whittlesea Youth Commitment Meetings

Hume Youth Commitment

The HYC is a long-term strategic network, community based initiative that is committed to ensuring that every young person in the City of Hume has access and support to complete either Year 12 or its equivalent in accredited training, is linked to employment, and implements strategies that promote seamless transitions through their schooling.

The HYC aims to engage the community to provide real and diverse education and employment opportunities for the young people of Hume.

Hume Whittlesea LLEN PROGRAMS

Structured Workplace Learning (SWL)

Structured Workplace Learning is on-the-job training that allows students to develop their work skills and understand employer expectations. SWL is available to students undertaking a VET program as part of VCAL or VCE studies. SWL provides:

- enhanced skill development
- practical application of industry knowledge
- assessment of units of competency
- achievement of some learning outcomes for VCAL units or VCE studies
- enhanced employment opportunities

Structured Workplace Learning (SWL)

Structured Workplace Learning (SWL)

SWL Statewide Portal

Looking for on-the-job training? The Structured Workplace Learning (SWL) Statewide Portal helps school students to find work placements with employers across Victoria.

Q Start Search Now

Invigor8ing Education

Invigor8ing Education is a supported, practical engagement program for Year 8 students with interactive participation in the areas of Community work and Trades.

Youth workers actively support the students throughout the program and provide regular communication with the school and families on the progress made by the students as they engage in a variety of learning experiences in real-life settings.

Invigor8ing Education

Invigor8ing Education

Drumbeat

DRUMBEAT is an inclusive community program that incorporates hand drumming using African Djembe Drums. It is the world's first structured learning program using music and psychology to connect people. DRUMBEAT addresses critically important life skills enhancing mental health and wellbeing in young people.

The HWLLEN has been fortunate enough to coordinate the delivery of DRUMBEAT facilitator training program since 2019. With the support of Federal Government funding and Uniting Vic Tas Communities for Children, approximately 40 teachers and school and community workers in Hume are now qualified DRUMBEAT facilitators.

MAKING CHOICES / SPEED CAREERS

These events aim to inspire and raise aspirations of young students by providing them with the opportunity to speak to a variety of professionals from different sectors about their career and pathway experiences. These events may assist students in the subject selection choices for the following year.

MAKING CHOICES

MAKING CHOICES

MAKING CHOICES

SCHOOL INDUSTRY GUEST SPEAKERS

Representatives from industry and local businesses are being sourced to engage with school students to speak about their industry as well as their personal education and employment pathway. The 'School Industry Guest Speaker' program aims to broaden awareness of employment diversity and the range of different professions associated with any given field of interest. By providing access to those currently in business, we aim to inspire young people with thought provoking and stimulating conversations to help them develop a meaningful career pathway.

TAC L2P

The **Real Industry Job Interview (RIJI)** is a work readiness program that assists students in developing good job search, resume writing and interviewing skills. This program is strongly supported by our local schools and the northern metropolitan business community. It draws on valuable recruitment skills and expertise of industry representatives who participate and are enthusiastic about helping young people prepare for the world of work.

Industry Tours and **Immersion Workshops** aim to explore the future of jobs and workforce demands from the perspective of employers and industry and reflect on the impact of this on educators and community. The re-shaping of business models, enterprises and whole industry sectors are influencing how we work and posing real challenges for proactive responses by education, employment and government. We aim to demystify the future of jobs for young people by gaining first-hand insights into local, national and global perspectives on workforce issues, future skills and employment prospects.

TRAINING CHECKLIST

TRAINING CHECKLIST FOR CONSUMERS

The following checklist is a really useful resource that can help young people and their families or support people to ensure the best outcome when choosing a training course.

- Answer all of these questions before:
- Choosing a training course
- advising someone on a course and/or
- enrolling in one

Things to consider	Find out the following:	\checkmark
The training provider must be registered to deliver the course they are providing.	Is the training provider registered and by which authority? Ask for the training provider's registration number, scope (what they are offering) and keep for your records. Information about Registered Training Organisations (RTOs), Training Packages accredited courses and qualifications can be accessed at <u>www.training.gov.au</u> or <u>www.traa.vic.gov.au</u> or go to <u>www.ticea.edu.au</u> the Independent Tertiary Education Council Australia.	
Make sure the Qualification is	Is the qualification nationally accredited? For further information visit: www.studyinaustralia.gov.au	
nationally recognised	Does the person delivering training hold a TAE 40110 AND the appropriate industry accredited qualification?	
Check if you require a specific licence for this occupation	Will I need a licence to practice this occupation? For further information on licensing requirements visit www.worksafe.vic.gov.au	
Check with the training	Obtain a list of course competencies (skills and knowledge)	
provider what knowledge and skills the course will provide.	Is there Recognition for Prior Learning (RPL) into higher courses or complimentary studies?	
	Does this qualification provide articulation into any Tertiary qualifications?	
	What employment options will this training lead to and what are the real job prospects on completion? (Ask for examples and evidence).	
	Are there any other requirements in addition to training to obtain a job in the related area?	
	Does the training provider assist in finding employment for students upon completion of the course? Not a necessity but this can influence the choice of course and provider.	
Make sure the training is not affecting future studies.	Will this course affect further study options in the future? Ask for a written explanation (or chart) so you can easily see the implications, if any, this course has on your future study selections.	
	Does this training preclude students from undertaking a traineeship/Apprenticeship in a related field or any other field?	

Things to consider	Find out the following:	~
Shop around for a course and training provider that meets your needs.	Ask whether training and/or assessment will be undertaken in a real workplace. If a simulated environment is to be used to replicate a workplace, consider how realistic the environment is. This may be critical when applying for a job or credit transfer.	
(Continued from previous page)	Does the training provider provide any support services to students with non-English speaking backgrounds, disability aid, indigenous and/or financial assistance?	
	Obtain feedback to gain insight from past students on the quality of training and if it assisted them in finding appropriate employment. (Check on-line forums like Whirlpool and others)	
Be cautious about paying large sums of money up-front.	Before making any up-front payments or signing any documents for VET Student Loans students should make sure the training provider is registered and the course offered meets their needs.	
	Compare training charges for the course to other institutions. Does it seem right?	
	Ask for a receipt on payment, check that it is correct and keep it in a safe place.	
	Students may qualify for government subsidies (e.g. if holder of a Health Care/ Disability/VET affairs card). Check if you are eligible.	
Read the contract.	Read the contract/enrolment form carefully <u>before</u> signing or paying any money.	
	Ask the training provider to explain items you are unsure of and discuss the conditions of enrolment with family, friends, colleagues or teachers to clarify.	
	Ensure you understand and agree with any cancellation and refund conditions.	
	Do not commit to anything over the telephone.	
	Remember, training is NOT free.	

Disclaim or: This checking to produced by the Hume Whillsone Local Learning and Engloyment Network (HWLLER) which has used its every effort to provide a guide that will assist breiving consumers to protect themselver. HWLLER, however, labers on reportability for any proceders consumers may encounter with the training provide draphile hand (average the manmadations on this checking." This consumers the area related from the PCL DC Gournment and the Outer Extens Local Learning Engloyment Network (Network).

SUNBURY

Job expo opens door to rewarding career

STUDENTS and residents seeking work can look to teen Nick Lawrence as a success story from the Sunbury Gisborne Careers & Job Expo.

The event, now in its 12th year, is hasted by the Sunbury Careers Network in partnership with the Sunbury Business Association and the Sunbury Employment and Learning Committee.

Nick, who wants to work as a motor mechanic, spoke with representatives from the Victorian Automobile Chamber of Commerce at the expo and, as a result, obtained a school-based apprenticeship late last year. A Year 11 student at Gisborne Secondary College. Nick was placed in a prestige Volvo dealership in Port Melbourne where he works as a mechanic one day a week, and attends TAFE during the school holidays.

He said he was enjoying the work, which gave him a realistic insight into what it mechanic.

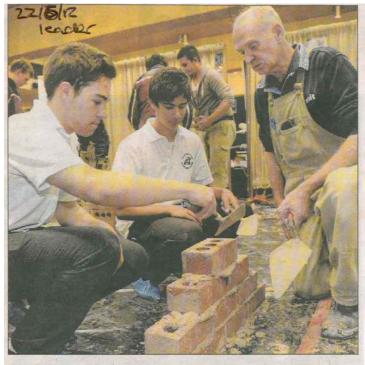

Nick Lawrence keeps up his skills in the Gisborne Secondary College workshop.

He said the placement was The expo is primarily a great opportunity, which would hopefully lead to a full 11 and 12 as well as local would be like to be a career time apprenticeship after he residents looking for new finished Year 12. work opportunities.

Students cement future

CHOOSING a trade can be a tries including plumbing, tricky business.

But Hume students were given hands-on experience to help make the decision last week, when the Northern Try a Trade event was held in Broadmeadows.

Designed to raise awareness of trades, the event saw more than 700 students from seven municipalities experience indus-

automotive, hairdressing, beauty, manufacturing, aviation, technology, hospitality, fashion and printing.

The experiences were provided by northern suburbs tertiary institutes Kangan Institute, Northern Melbourne Institute of TAFE and RMIT.

The Try a Trade program has been running since 2007.

A decade of good deeds

STAFF and clients of the Hume Whittlesea Local Learning and Employment Network are celebrating its 10th anniversary this month.

Functions are being held throughout the month to mark the milestone.

Network acting executive officer Nicky Leitch says it's an achievement to reach the decade mark.

"It's really exciting to be able to showcase and celebrate the work of the network. We're renowned for being the quiet achiever and for working behind the scenes."

Ms Leitch believes the organisation would have helped and advocated for more than 10,000 people in its 10 years.

The network is a state government-funded organisation that serves as a vital link between schools, businesses and community organisa-

tions to help improve education and employment opportunities.

It also organises education, training and employment options for 15-19-year-olds.

Ms Leitch said the network's funding would end next year so it was paramount that more money be secured.

"Our funding contract is up at the end 2013 and we hope, given the state gover ment's incredible funding cuts to [TAFE] ed cation, that the importance of the network w be recognised," she said.

"All of 2013 will be based arour sustainability."

One-stop shop for jobs

Jobs Expo | Laura Jolly

JOB seekers in Hume can visit a "one-stop shop" for jobs next Tuesday when the Australian Government Jobs and Skills Expo is held in Broadmeadows.

Employers offering jobs will have stalls at the expo, while boards filled with jobs on offer for all ages and skill levels, and a skills board promoting training organisations in the area will be available.

Local Government Action Leader for Hume Maria Axaris-Coulter said several thousand people were expected to attend the free event and encouraged all job seekers to come along.

She said those attending should bring a one-page resume and dress appropriately for a job interview, with some employers to be interviewing and offering jobs on the day.

Ms Axaris-Coulter said the expos, which have previously been held in other parts of Melbourne and around Australia, had already connected 19,000 people with jobs.

The expo will be held at Broadmeadows Leisure Centre from 10am-3pm.

Employers interested in exhibiting at the expo can phone 13.11.58 or go to humanservices.gov.au/expos.

Teens explore careers at brunch

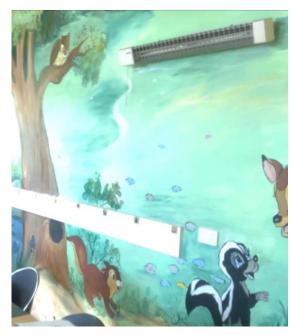

MAKING career choices is one of the hardest parts of secondary school.

Hume students in years 10 and 11 explored some of their options last week at the Making Choices Brunch at the Hume Global Learn-12/6/12 leader ing Centre in Craigieburn. The students from 12 schools including Isik College took park in a series of fast-paced interactive workshops where they met professionals from careers including transport and

distribution, manufacturing, construction, property services, engineering, community services, real estate and nursing.

Hume Whittlesea Local Learning and Employment Network ran the event.
